

# TAPES AND LABELS TRANSCEND BOUNDARIES

BUILDING TRUST

## EXPECT MORE

Exceeding your current expectations in product performance and cost-effective production is our commitment to you. To help deliver improvements in your self adhesion coatings, Sika is available with a wide product range, innovations, production know-how and a local support team in your country. Our expertise is available wherever you are located. Whether it is to develop enhanced product features or to optimize your current set up, Sika has the people, products and services to help you.

# PRESSURE SENSITIVE ADHESIVE SOLUTIONS

**ACHIEVE THE HIGHEST PRODUCT QUALITY** and coating production process efficiency with Sika's range of hot melt, water-based and solvent-based PSA adhesives to select from and the know-how and services to help you implement them. With global know-how and a local organisation in your country, you can rely on Sika to deliver your solution.

## PRODUCTS

**YOU CAN BE CONFIDENT** to realize the benefits arising from a wide range of adhesive product solutions to select from

- Wide hot melt PSA product portfolio and adaptations to suit your needs
- Proven high performance solutions for a wide range of applications

## SERVICES

**PEOPLE AND FACILITIES** ready to provide you with support in product selection, testing and evaluation of adhesive solutions and production engineering

- Expert Technical Services teams to support you in product selection, testing and implementation
- In-house test equipment to evaluate your solution
- Advise on production coating technology solutions

## INNOVATION

**MEET NEW DEMANDS** with the latest technologies developed to satisfy increased requirements and new applications

- Single roll solutions for hook and loop applications
- Outstanding ageing performance cable harness tapes
- High tack, low service temperature PSA solutions without migration effects

**PRODUCTS, SERVICES AND INNOVATION ARE THE CORE VALUES THAT HAVE MADE SIKA THE PARTNER OF CHOICE FOR CUSTOMERS IN MANY COUNTRIES.**

# SUPERIOR PERFORMANCE

**SUPERIOR PERFORMANCE SOLUTIONS FOR YOUR PRE-COATED TAPE AND LABEL** needs is what SikaMelt® hot melt PSA and SikaSense® water- and solvent-based adhesive solutions provide. Which is why they are widely used in the construction, roofing, interior assembly, insulation and automotive industries. Both permanent and removable adhesive solutions are available to meet a range of demands such as flame retardancy, heat resistance and low service temperature.

## -5 °C SERVICE TEMPERATURE

SikaMelt® FOR ON-SITE BUILDING AND CONSTRUCTION APPLICATION IN LOW TEMPERATURE ENVIRONMENTS

## ZERO RESIDUE PEEL PERFORMANCE

SikaMelt® FOR REMOVABLE TAPES ON TRANSPORTATION AND BUILDING SURFACES

## 100 °C HEAT RESISTANCE

SikaMelt® FOR BUILDING AND TRANSPORTATION ELEMENTS WITH HIGH SERVICE TEMPERATURE DEMANDS

## DIN 4102 – B1 FLAME RETARDANCY

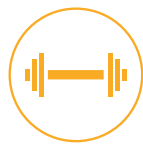

SikaMelt® FOR METALLIC TAPES WITH FLAME-RETARDANT REQUIREMENTS

# BUILDING AND CONSTRUCTION

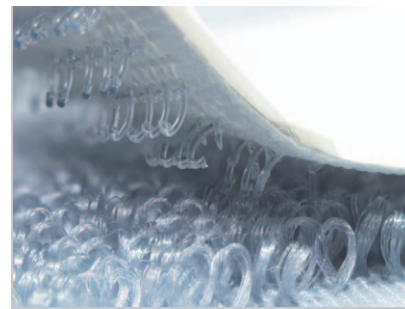

## HEAT RESISTANT TAPES

- High mechanical and ageing performance
- High SAFT and flame-retardant ideal for thermal insulation applications

## HOOK AND LOOP

- High strength instant fixation
- Suitable for single roll
- Can also be used for anti-corrosion or foam tapes

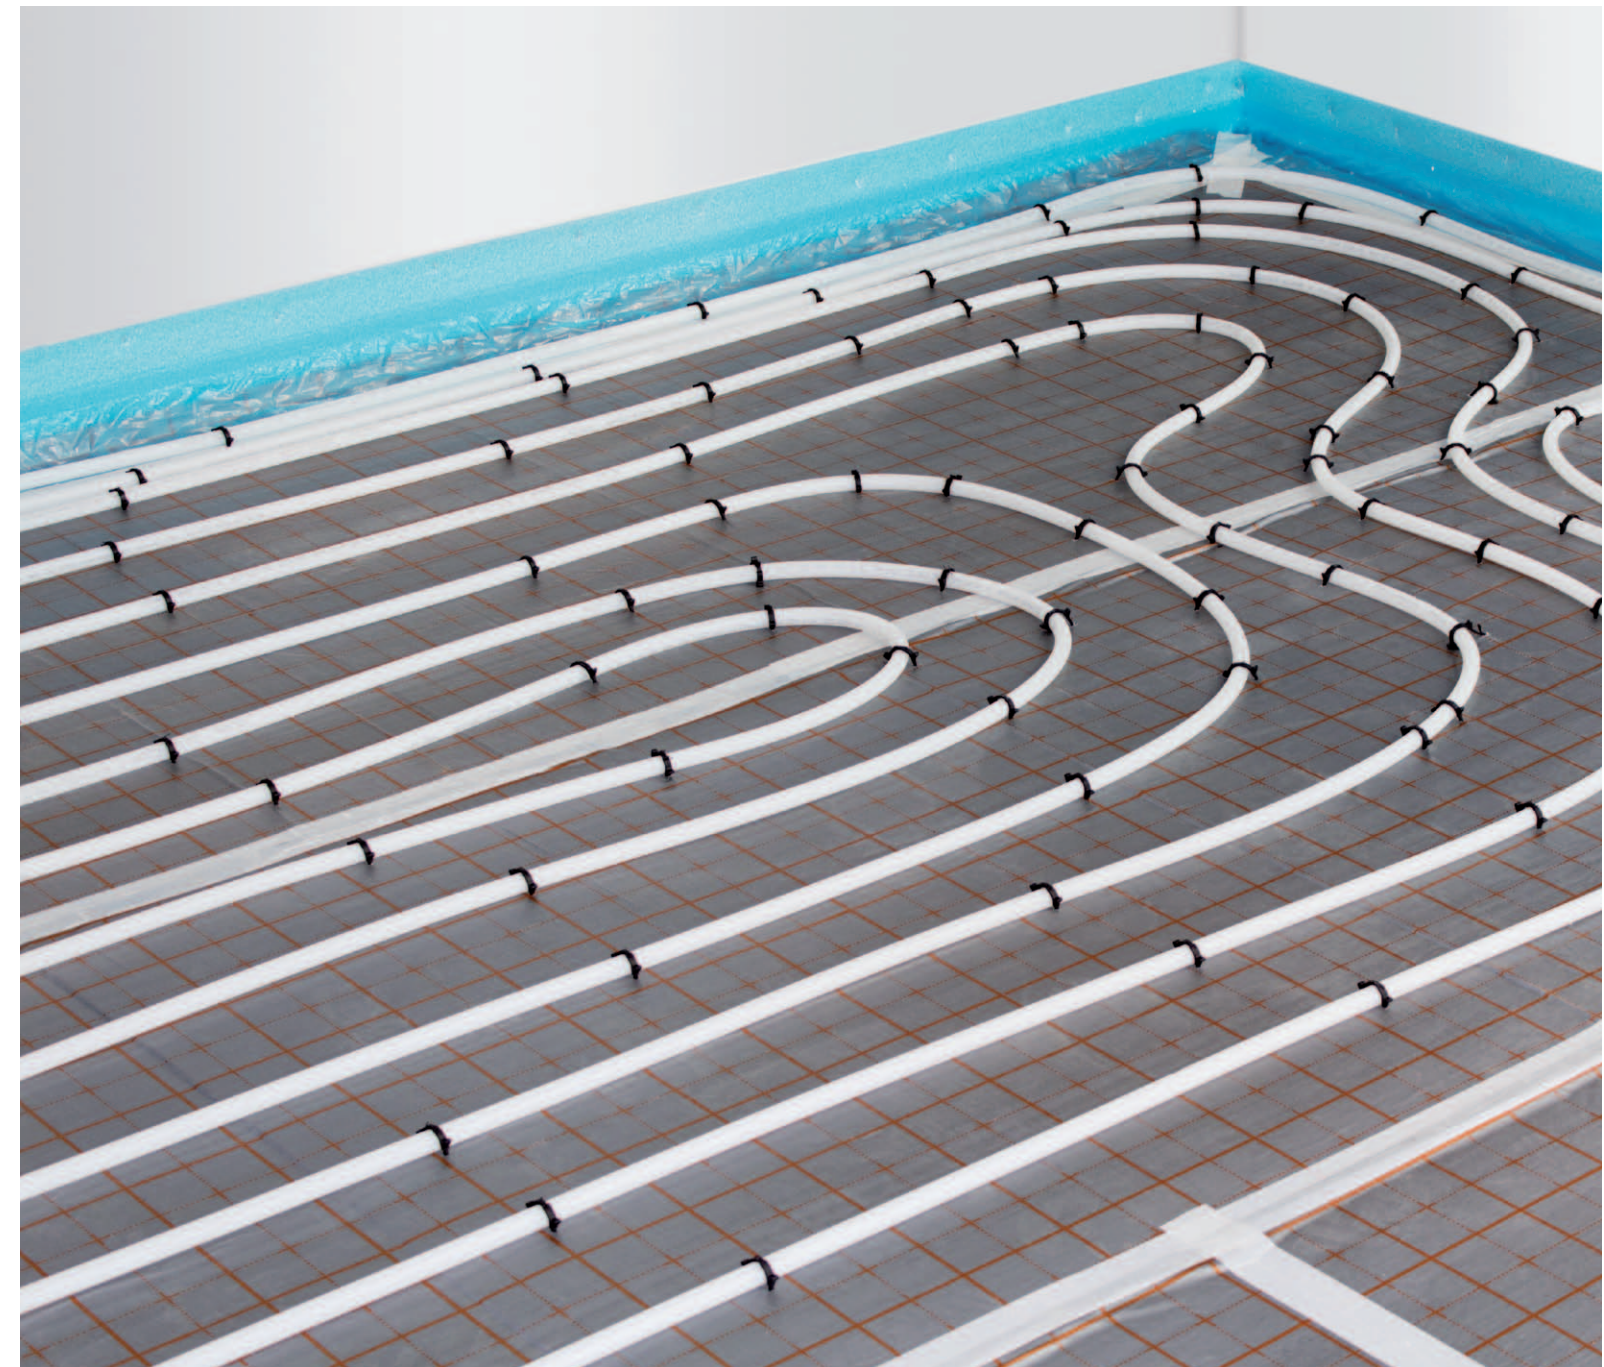

## SELF-ADHESION COATINGS

- Immediate strong fixation
- Low service temperature
- Perfectly suited to self-adhesive flooring and roofing

CONSTRUCTION, ROOFING, INTERIOR ASSEMBLY AND INSULATION APPLICATIONS TAPES DEMAND HIGH PERFORMANCE FROM THE ADHESIVES. CUSTOMERS SELECT SIKA PSA ADHESIVES TO ACHIEVE THE DESIRED PERFORMANCE, WHETHER IT IS HIGH STRENGTH, FLAME RETARDANCY, HEAT RESISTANCE OR LOW SERVICE TEMPERATURE, SIKA HOT MELT ADHESIVES PROVIDE THE SOLUTION.

## HIGH TACK TAPES

- Highly aggressive and stable tack
- Low service temperature
- Excellent for construction tapes

**OVER  
1 MILLION M<sup>2</sup>**

OF BUILDING APPLICATIONS ARE SUPPLIED EVERY YEAR BY SIKA PRODUCTS AND TECHNOLOGIES

### Key Products

<b>SikaMelt®</b>	Hot melt pressure sensitive adhesives
<b>SikaSense®</b>	Water and solvent based pressure sensitive adhesives

# TRANSPORTATION AND SPECIALITY

## REMOVABLE TAPES

- Highly heat-resistant
- Easy to peel, no residue
- Excellent for automotive and construction masking tapes

## PRODUCT ASSEMBLY

- High tack, balanced SAFT
- High ageing performance, low service temperature
- Versatile technical tapes solution for a range of applications

## HIGH TACK TAPES

- Aggressive and stable tack
- Low service temperature combined with suitable heat resistance
- Perfect for single- and double-sided tapes

TRANSPORTATION, AUTOMOTIVE, AND TECHNICAL TAPE PRODUCERS CAN SELECT EITHER PERMANENT OR REMOVABLE ADHESIVE SOLUTIONS, DEPENDING ON THEIR NEEDS. OUTRIGHT PERFORMANCE, SUCH AS AGGRESSIVE TACK OR BALANCED PROPERTIES, SUCH AS HIGH TACK AND GOOD SAFT ARE ALL ACHIEVABLE WITH THE RIGHT SIKA ADHESIVE FOR THE RIGHT APPLICATION.

## SPECIALITIES

- No migration or tunneling effects
- Flame-retardant ideal for document bag labels

**MORE THAN 50%**

OF ALL VEHICLES USE SIKA PRODUCTS AND TECHNOLOGIES
